

EIGHT: This permit does not establish any precedent with respect to any other application received by The Reclamation Board.

NINE: The permittee shall, when required by law, secure the written order or consent from all other public agencies having jurisdiction.

TEN: The permittee is responsible for all personal liability and property damage which may arise out of failure on the permittee's part to perform the obligations under this permit. If any claim of liability is made against the State of California, or any departments thereof, the United States of America, a local district or other maintaining agencies and the officers, agents or employees thereof, the permittee shall defend and shall hold each of them harmless from each claim.

ELEVEN: The permittee shall exercise reasonable care to operate and maintain any work authorized herein to preclude injury to or damage to any works necessary to any plan of flood control adopted by the Board or the Legislature, or interfere with the successful execution, functioning or operation of any plan of flood control adopted by the Board or the Legislature.

TWELVE: Should any of the work not conform to the conditions of this permit, the permittee, upon order of The Reclamation Board, shall in the manner prescribed by the Board be responsible for the cost and expense to remove, alter, relocate, or reconstruct all or any part of the work herein approved.

SPECIAL CONDITIONS:

THIRTEEN: That all work approved by this permit shall be in accordance with the submitted drawings and specifications except as modified by special permit conditions herein. No further work, other than that approved by this permit, shall be done in the area without the prior approval of the Reclamation Board.

*FOURTEEN: That in the event trees and brush are cleared, they shall be completely burned or otherwise removed from the overflow area of Dry Creek, and no downed trees or brush shall be allowed to remain in the floodway during the flood season between November 1 and April 15.

* FIFTEEN: That no excavation shall be made or allowed to remain, in the creek banks between November 1 and April 15.

SIXTEEN: That the backfill material for the bore pit and receiving pit excavation shall be placed in layers and compacted to a density equal to that of the adjacent undisturbed material.

SEVENTEEN: That the work area shall be restored to at least the same condition that existed prior to commencement of work.

EIGHTEEN: That the permittee shall assume all responsibility for protection, relocation, or removal of the permitted project works if required by the Board.

NINETEEN: That the applicant shall provide inspection services acceptable to the Board. A civil engineer registered in the State of California shall certify that all work was thoroughly inspected and performed in accordance with the submitted plan drawings, specifications, and permit conditions.

TWENTY: The permittee shall notify the Department of Water Resources by telephone, (916) 445-6386 at least ten working days prior to start of work.

*November 15 to July 20 depending on location of the stream.
